DEDICATION

This document is dedicated to two of my dearest friends who devoted their time and resources preserving Constitutional liberties. **James A. Weyer**, founder of the Wayne County Patriot Organization in Ohio did much to expose Federal Reserve and IRS Fraud. Jim spent much of his time successfully defending many Americans from illegal attacks by the IRS. He planted the seeds for what eventually became one of the largest patriot groups in America. **Michael Hill**, the Ohio Militia chaplain, helped to found the Ohio Common Law Court and educated many citizens regarding their Constitutional rights and how to defend them from attack by the abusive justice system. These two God fearing men dedicated their lives to preserve liberty for future generations.

ACKNOWLEDGEMENTS

I would like to acknowledge the many Americans who, through love for their country, have unselfishly contributed time, funds and information to bring this message to the American people. This includes law enforcement officials, attorneys, members of the press, clergy, a few members of Congress, military personnel, educators, doctors, and the courageous men and women of the various state Militias. The people who have contributed to this document understand how dangerously far this nation has drifted from our original form of Constitutional government as established in 1776 and have absolutely no intention of making peace with oppression.

1st Edition - 03/11/96

Thomas Jeffersons reminds us that "weakness provokes insult and injury, while a condition to punish, often prevents them...I think it to our interest to punish the first insult because **an insult unpunished is the parent of many others**"

INTRODUCTION

"My people are destroyed for lack of knowledge..." (Hosea 4:6) Thomas Jefferson advises us that "The most effectual means of preventing the perversion of power into tyranny are to illuminate, as far as practicable, the minds of the people at large, and more specifically to give them knowledge of the facts... for if a nation expects to be ignorant and free, in a state of civilization, it expects what never was and never will be." This is sole purpose of this document.

This document outlines the views and concerns of the Militia (the Minutemen) and clearly indicates why the Militia has re-surfaced in this country and have made themselves visible for the first time since the Revolutionary War when 13,000 members of the New England Militia joined George Washington in Boston to challenge oppression. As you read this document it will become apparent that the modern day Militia has emerged for the identical reasons it organized in 1776. One only need read the Declaration of Independence to understand the many parallels that now exist between the grievances that triggered the Revolutionary War and the current circumstances now facing our countrymen.

This document is not intended to focus on religion, however, there are may references to God and the Bible because this country was founded as "ONE NATION UNDER GOD". We cannot conceivably address the threats to America without reflecting on our Christian heritage and how dangerously far we have drifted, as a nation, from the principles under which our nation was conceived.

The dubious politics and legislation of our leadership have degraded the integrity, morality, and honesty of this nation while transcending the heights of corruption, deceit and dishonesty ever witnessed in our history. We have been transformed through deceit and misinformation, from ONE NATION UNDER GOD to a nation that endorses perversion by calling it an alternative lifestyle, by exploiting the poor and calling it a lottery, by neglecting the needy and calling it self-preservation, by rewarding laziness and calling it welfare, by killing the unborn in the name of choice, by neglecting to discipline our children by claiming to build self-esteem, by abusing the powers of public office and calling it political savvy, by coveting our neighbor's possessions and calling it taxes, by polluting the air with profanity and pornography while calling it freedom of speech, by ridiculing the time-honored values of our forefathers and calling it enlightenment, and by worshipping other Gods in the name of multiculturalism.

The aim of this document is to focus on genuine dangers facing America which are rarely, or at no time ever addressed in the mainstream media. There is not one problem discussed herein that does not directly affect every man, woman and child in this country. These problems are so serious that they affect people of every race, every religion, and every ethnic background in this nation with absolutely no exceptions ! This document is not intended to be politically correct as you cannot be politically correct and truthful at the same time. Political correctness is the conditioned art of existing within a superficial environment of self styled truths guided by the will of man, rarely resembling the will of God. A country who's policies, leadership and citizens are not focused on truth and allow truth to be replaced with deception cannot possibly remain free. Truth can be very offensive to those who live a lie so it is likely that this document will make some angry and I sincerely hope that is the case.

Americans are fed up with the ever increasing demand of abusive taxation that has converted us to quazi-slaves; fed up with political corruption and fraud at all levels of government; fed up with a justice system that now has more hard-core criminals behind the bench than in front of it; fed up with election fraud; fed up with elected officials pledging allegiance to the U.N. Charter while undermining the U.S. Constitution; fed up with the government's attempt to dethrone God as the cornerstone of our society; fed up with a government that has become nothing more than a parasite living on the labor of the industrious, fed up with the selective use of the law by the government for political purposes; and fed up with the sacrilegious efforts to encourage the separation of church and state with the intent of manipulating and limiting freedom of religion. Patriotic Americans are fed up with the social security number being used as a mechanism to track our every move and invade our privacy; fed up with the distribution of condoms rather than the promotion of morality and ethics within our schools; fed up with the growing welfare state as a means of social control; fed up with so many Americans being railroaded into prisons to fill the prison labor camps and fed up with foreign aid being sent to Communist countries that violate human rights and dignity while Americans suffer at home.

Many of us are fed up with the open disrespect politicians have for the wishes of WE THE PEOPLE; fed up with the fueling of racial tensions; fed up with the gestapo-like tactics of the IRS, fed up with the growing police state; fed up with the rapid trend toward socialism; and fed up with the clear cases of treason taking place in the oval office. Furthermore, we are fed up with Federal law enforcement agencies murdering our neighbors (Waco and Ruby Ridge); fed up with the government using the media as a propaganda tool to manipulate and exploit public opinion; fed up with sending our children to foreign countries to engage in combat and die under the leadership of the Communist controlled United Nations; fed up with the government's involvement with drugs; fed up with a Congress that takes its orders from the CFR while ignoring the needs of our countrymen; and WE ARE POSITIVELY FED UP WITH NOT BEING ABLE TO CHANGE ANY OF IT THROUGH REPRESENTATIVE GOVERNMENT because the just grievances of WE THE PEOPLE now fall on deaf ears.

THE RED FLAGS ARE UP

Americans are clearly on a collision course with their decaying government. We are financially bankrupt as a nation and lobbyists, not WE THE PEOPLE, are dictating public policy, morality has declined to the lowest levels in our history, the government has silenced our churches and taken control of our schools, Americans are working harder to accomplish less, prayer in our schools has been replaced with condoms, churches that once spoke out against immoral public policy are now silent, death camps (abortion clinics) are murdering our unborn children, our prisons have been converted to slave camps, atheists and homosexuals are being appointed to top government positions and entrusted with the safekeeping of our Constitution, and our prisons are full while our churches are empty. The list of RED FLAGS could fill a book - SO WHAT'S WRONG ?

We have lost our Republic and there is little time left to rescue it. Anything short of revolution in our government and reformation in our churches will not be enough to turn the tide in America. Every primary check and balance (election process, grand jury and jury system) provided by our founding fathers has been suppressed, subverted and compromised by those in whom we entrusted this nation. Americans can argue politics and religion forever but no one can argue with the facts. Most every social, academic and financial indicator that is available to judge the health of this nation, clearly supports the fact that America is TOTALLY OUT OF CONTROL in every respect and is rapidly declining morally, ethically and financially. Americans have failed as a nation in every important detail and the greatest failure is that of WE THE PEOPLE who have contributed to the demise of the American Republic through silence, through apathy, and through neglect.

WHAT HAPPENED TO OUR REPUBLIC ?

"Most governments have been based, practically, on the denial of equal rights of men...ours began, by affirming those rights...we made the experiment and the fruit is before us. Look at it - think of it." (Abraham Lincoln) After the works of the Constitutional Convention, a lady sidled up to old Ben Franklin; "What have you given us Dr. Franklin ? ... **"A Republic, Madame. If you can keep it!"** Please note that Ben Franklin clearly stated a Republic - not a Democracy. The PLEDGE OF ALLEGIANCE reads "I pledge allegiance to the flag of the United States of America and to the REPUBLIC for which it stands, one nation UNDER GOD..." The key words here are "republic" and "under God". Our Republic was based upon democratic rule with the one constraint being that the laws of God (not the laws of man) would govern the affairs of our nation. That's what made America so special in the eyes of the entire world as most every other country was ruled by the laws of men (mostly tyrants) with no moral constraints. We now find ourselves in this latter predicament.

Democracy without moral constraint becomes nothing more than mob rule. If the majority of Americans favored legislation that was in total opposition to biblical values we would still have a democracy but we would not have ONE NATION UNDER GOD and this is where we have arrived in little more than 200 years since the birth of our REPUBLIC. We did not arrive at this pivotal point in our history by accident. We will clearly affirm in this document the forces that have brought Americans to this TRAGIC AND DANGEROUS turning point in our short history as a free nation.

Upon visiting America in the early 19th century a French historian by the name of Alexis De Toqueville stated that "America is great because America is good. If America ever ceases to be good it will cease to be great." America has ceased to be good and we are clearly ceasing to be great. Taylor Caldwell in her book "No One Hears But Him" stated that:

"For all the talk of love there is in the world today the fact remains that never has the world been so absolutely loveless, hard of heart, murderous, cruel, rejecting, contemptuous, and indifferent. Never have so many been betrayed as they are now being betrayed. Never have so many been lost as they are now lost. Never has the heart of man been so faithless as the heart of modern man, for all the babble of involvement and concern for humanity. Never has death menaced so many and never has freedom been so little, no, not ever before in the dreadful history of the world. We are busy-with nothing. We talk-of nothing. Our neighbor, our brother, cries to us for help and we do not care. Worse, we do not even listen to him in our busy, busy, unremarkable and unimportant lives.

Our children, in our secular schools are not taught reverence, faith, duty, responsibility, pride in accomplishment, respect for authority. They are not taught these things because their parents do not wish them to be taught. This was so yesterday and now today we have a young generation that has never learned restraint, good will, authentic peace, tranquility, faithfulness and virtue. These young people are the truly lost. These are the deprived in truth, though they do not want for bread or shelter or comfort. We have given them love but not love. We have given them slogans and jargons but no living word. We have left them desolated and so they are violent and Godless with no respect for themselves and their country and their neighbors."

These same children have now matured and have found their way into the halls of government and leadership positions within our school systems, and our churches. Therein lies the crux of our problem!

JOHN ADAMS ADVISES US ON WHAT TO DO

John Adams, when discussing threats to liberty, reminds us that we should "...nip the shoots of arbitrary power in the bud, is the only maxim which can ever preserve the liberties of any people. When the people give way, their deceivers, betrayers, and destroyers press upon them so fast, that there is no resisting afterwards. The nature of the encroachment upon the American Constitution is such, as to grow every day more and more encroaching. Like a cancer, it eats faster and faster every hour. The revenue creates pensioners, and the pensioners urge for more revenue. The people grow less steady, spirited, and virtuous, the seekers more numerous and more corrupt, and every day increase the circles of their dependents and expectants until virtue, integrity, public spirit, simplicity and frugality, become the objects of ridicule; and scorn and vanity, luxury, foppery, selfishness, meanness and downright venality swallow up the whole society."

TIME TO GET DOWN TO BUSINESS

We have been embroiled in a whirlwind of fraud and corruption that has destroyed the American dream for all future generations and nothing short of REVOLUTION IN OUR GOVERNMENT AND REFORMATION IN OUR CHURCHES is going to have any impact on our disastrous course as a nation because the hour is too late and the cancer has totally infected the nation. Too many Americans still don't perceive the extent of the devastation of our society. I urge all of you to check the facts contained within this document for yourself. I have provided numerous references, addresses and phone numbers to assist you in starting this fact finding process. The process I am referring to is the search for truth so that you don't drown in a sea of deception.

ABUSIVE TAXATION

It is understood and agreed that some taxes are required to finance a country but the average American now works over four months until early May (TAX FREEDOM DAY - the first day of the year that we get to keep the wages we earn) each year just to pay the abusive taxes deducted by our employers. Since most Americans work an average of forty years, **this translates into working over thirteen years out of forty just to pay those abusive taxes** and this is only the tip of the iceberg. Our government managed the needs of this nation for approximately 169 years without much debt and no income taxes - SO WHAT CHANGED? A voluntary war tax (victory tax) was instituted during WWII to help finance the war, and, of course, put money into the coffers of those who benefited financially from the war. When the war ended the tax was never removed and has increased every year since. The younger generations have been duped into believing that paying income tax is both mandatory and essential to finance our country - NOT TRUE ON BOTH COUNTS. Income tax was not essential for 169 years after the Revolutionary War, it is not essential now.

The IRS has cleverly converted employers into collection agents for the Federal Reserve and has forced them, with threats of audits and criminal prosecution, to illegally deduct excessive taxes from our wages. Therefore, every employer automatically deducts Federal income taxes, medicare, local taxes, social security taxes and state taxes from our gross income before we ever see one nickel of it. By the time the taxes are deducted the net pay is reduced substantially from what was actually earned. The social security is merely a Federal tax under an altered description. When you compare what the average American pays into social security (keep in mind that the employer has to match it) we never get a fraction of it back during our lifetimes.

HIDDEN TAXES = TAXES LINKED TO PRIVILEGES

With the little net income we have left to provide our families with food, water, shelter and clothing we are then taxed again (HIDDEN TAXES). Hidden taxes are fees for Constitutional rights which have been illegally converted to privileges by the various states and then taxed. Examples of these along with other questionable taxes would include boat license, business license, dog license, drivers license, duties, excise, fees, fishing license, gas tax (43 cents per gallon), hunting license, investment tax, inheritance tax, marriage license, permits, trailer license, utility tax, vehicle license, vehicle tax, view tax, water tax, etc. These are just a sample of the ongoing tribute taken from our net income that has already been heavily taxed. Why should any nation of free people pay for the right to get married, travel to work or church, build a home, own a pet, fish or hunt in the wilderness, etc.? These are all additional abusive taxes we are forced to pay and at this point we still haven't spent one nickel on food, water or shelter - JUST MORE TAXES. Accounting fees are also a form of taxation because most of us would never hire a tax accountant if we did not have a gun to our heads to file local, state and Federal tax returns. Many Supreme Court case rulings make it illegal for any state to collect any of these flat license taxes. REMEMBER: **If you don't know your rights then you have no rights** and you will be victimized through illegal license fee taxation. The following case laws clearly prove this point:

CASE LAWS MAKE IT ILLEGAL TO TAX RIGHTS AS PRIVILEGES

Murdock v Penn volume 319 of the U.S. Supreme Court Reports page 105 rules that a state may not impose a charge for the enjoyment of a right granted by the Federal Constitution. The existence of such a flat license tax restrains, in advance, Constitutional liberties and suppresses the existence of such liberties. No state may convert a secured liberty (driving, marriage, home ownership, pet ownership, and all others listed above) into a privilege and issue a license and fee for it. So why does it happen every day when the Supreme Courts says it's illegal? **Americans who don't know their rights have no rights!**

Title 18 of the U.S. Code Sections 241 and 242 states, that upon conviction, public officials (judges and law enforcement officials) can receive up to a \$10,000 fine and ten years in prison or both, and, if death results from their illegal actions they will receive life in prison. **Title 42 of the U.S. Code Sections 1986, 1985 and 1983** also establish your right to sue public officials who violate your Constitutional rights. To obtain detailed information regarding title 42 lawsuits against corrupt public officials contact the American Christian

School of Law at 800-875-8989. The real criminals in this country are behind the bench - not in front of it. Isn't it time we start sending the real criminals to prison, unless however, they are guilty of treason.

Another landmark case for civil liberties is **Boyd vs U.S.** volume 116, page 616 of the U.S. Supreme Court Reports ruled that the court cannot require the compulsory production of documents because this would be in violation of fundamental rights secured by the Constitution. This ruling protects us from the encroachment upon our Constitutional liberties. The mandated compulsory production of documents by judges represents coerced self incrimination under the 5th amendment. It is equivalent to asking a man to be a witness against himself. The courts and the IRS are in violation of this Supreme Court ruling daily as Americans are entrapped into providing documents they are not required to produce. **REASON: Americans who don't know their rights don't have any rights!**

DISGUISED TAXES = CORPORATE TAXES PAID BY AMERICANS

Then we are confronted with disguised taxes which are paid every time we purchase anything such as appliances, furniture, cars, tools, etc. Since most of us own an automobile I will use this example. The manufacturer of the car is responsible for paying innumerable types of corporate taxes to include accounts receivable tax, corporate real estate tax, corporate income taxes, social security taxes, Federal unemployment taxes, franchise taxes, state unemployment taxes and workers compensation taxes. The company adds up all of these taxes and includes them in the cost of our new car, so **WE THE PEOPLE** pay the corporate taxes when we buy a new car or any new product, not the corporation. The corporate taxes hidden in the cost of the vehicle are ultimately paid by the consumer. We are then charged a sales tax on the car. Since a substantial part of the cost of buying the car was corporate taxes we are charged a sales tax on that portion of the corporate taxes included in the cost of the car as well. Most Americans must then borrow money from a bank to purchase the car, which includes all of the many corporate taxes, and we pay interest (tax) on that loan. In essence the consumer is borrowing money to pay all of the many corporate taxes being extracted by the government from the manufacturer of the products. Every company in the country passes their tax burden along to the American consumer who cannot pass it along to anyone else.

To compound this problem of abusive taxation, inflation has destroyed the purchasing power of the few dollars Americans have left after all the deductions. In 1940 a dollar was equal to 100 cents. Today that same dollar is worth 10 cents. Therefore, it takes ten dollars today to buy what could have been purchased for one dollar in 1940. The pay increases given to American wage earners have served only to push them into **higher tax brackets**. This is precisely why President Clinton has been promoting the increase of the minimum wage. It's not because he cares about the people. It's about collecting more tax revenue. By increasing the minimum wage the government sets the stage to collect more Federal income tax, more social security tax (which the employer must match), more medicare payments, more state income taxes and more local taxes from every employed American. From the employer, who takes the real beating, the state collects more worker's compensation taxes and more unemployment taxes as both of these taxes are directly linked to payroll. The smoke and mirrors deception that Clinton wants to help the people is just that - **SMOKE AND MIRRORS** to mask the **GREED**. What's really sad is that most Americans believe raising the minimum wage is about humanitarian considerations.

FEDERAL INCOME TAX DID NOT EXIST PRIOR TO 1943

By the year 2000, not one penny of that 450 billion dollars of Federal income taxes deducted from our paychecks, for purposes of paying the interest on the national debt, is going to be used to build roads, schools, bridges, transportation systems or any other infrastructure improvements. Not one penny will be spent to create new factories or new jobs. Not one penny will be spent to improve our military capabilities. Not one penny will find its way back to the states or the people from whom the money was extorted in the first place. 100% of this 450 billion dollars will, however, find its way into the coffers of the International Monetary Fund which is owned by foreign, international bankers. Our tax money is then being loaned by the International Monetary Fund to our enemies and other countries who are using the funds to build factories which compete for American jobs.

ABUSIVE PROPERTY TAXES NULLIFY PROPERTY RIGHTS

The most abusive and inhumane tax which must be ABOLISHED is property tax on one's home. This tax undermines the very foundation of the American dream and violates one of the most sacred dictates of the Constitution - the right to own your own home. Under the current tax system one can never own his home outright. The home could be totally paid for but the tax bills follow us to the grave and a family could lose their home through the inability to pay those taxes. This is happening daily throughout America. Man's basic needs of water, food and shelter should not be taxed. To deny any man these basic needs or to render him homeless because of his inability to pay taxes is diabolical and motivated entirely by greed. Countless Americans have been forced to sell homes which were owned outright, solely to pay the taxes.

There are numerous cases where counties have attempted to pass tax levies that were rejected by the citizens of those counties. Upon the failure to pass these levies the response of the counties has been to send tax assessors to every property in the county in order to provide them with justification for raising property taxes thus defeating the will of the people. As this process takes place more and more citizens are losing their homes through their inability to pay these taxes. Since there is **substantial waste at the county levels** most of the taxes being extorted from the people under threat of losing their homes or farms are not justified. Very few citizens ever request a copy of the county budget for if they did they would uncover superfluous, abusive spending at the county level beyond their imagination. 50% of the services we're paying for could be eliminated and taxes at that level could be substantially reduced. As long as we're willing to keep giving, in the form of taxes, there is always going to be someone who is willing to keep taking.

Keep in mind that all county operations are cost centers, not profit centers, so there is NO ACCOUNTABILITY regarding productivity or results. There are many qualified and necessary people required to manage a county and these comments are not directed toward these people. It is understood that some type of tax base is required to provide fire and police protection as well as other services, however, the point being made here is that no one should lose his home or farm over the inability to pay such a tax as our homes are sacred and should not be confiscated by anyone, for any reason, at any time, under any circumstances.

BOTTOM LINE: Americans are providing, through Federal income taxes as well as state and local taxes, the very funds that are being used to destroy us on a global basis. The declining middle class in America tells the whole story. If you happen to be one of those Americans who is wearing rose colored glasses take a walk around your county or your state and ask your neighbors how things are really going. Unless one is deaf, dumb or blind the harsh reality of the deterioration of the American dream is unwaveringly evident everywhere one looks.

FEDERAL TAXES ARE NOT USED TO PAY THE BILLS OF AMERICA

It is believed by most Americans that Federal taxes deducted from their paychecks are used to finance the government. **THIS IS NOT TRUE!** The money is being sent directly to the Federal Reserve Bank and then channeled into the coffers of the Federal Reserve stockholders (primarily foreign). I cannot conceivably discuss this issue in detail, however, the bottom line is that the income tax is PURE DECEPTION. Not one nickel of the income tax is required to finance the American government as there is enough money being collected from all other sources (sales taxes, corporate income taxes, excise taxes, estate and gift taxes, customs duties, etc.) to more than finance the Federal government. A fine booklet that exposes the Federal Reserve entitled "**Why a Bankrupt America**" can be obtained by writing to Devvy Kidd, 14253 West Baltic Avenue, Lakewood, Colorado 80228. This 46 page booklet is well supported with facts. This one is a **MUST** for anyone who is serious about understanding the extent of this swindle. The author, who has previously run for Congress, quotes public officials as well as the Congressional Record, itself.

Most of the Federal tax money being collected through income taxes is being applied to the illegal interest being charged to the American people by the Federal Reserve Bank. Therefore, if we eliminate the interest we can also eliminate the Federal income taxes. Keep in mind that this country financed government from 1776 until about 1943 (167 years) without Federal income taxes and we can do it again once we rid ourselves of the

Federal Reserve Bank. The interest on the national debt is illegal usury because Congress has the power to print its own money and place it into circulation INTEREST FREE through Constitutional provisions. We financed American government, without debt, from 1776 to 1913 (137 years) without the Federal Reserve Bank. America's financial position has deteriorated every day since. We Americans did not hang onto financial freedom as a nation very long. Article one, section eight of the Constitution states that "Congress shall have the power to... coin money, regulate the value thereof...." SO WHY AREN'T THEY? Because there is substantially more money to be made by violating the Constitution than by adhering to it and the losers are WE THE PEOPLE. The Constitution provides safeguards to protect WE THE PEOPLE from a central bank in America, such as the Federal Reserve, which our forefathers knew would strangle posterity and enslave the nation through abusive taxation - precisely what has happened. The Congress of 1913 is responsible for the greatest fraud ever perpetrated on the American people and every Congress since then is equally responsible as they have condoned the deception through silence and have been well rewarded for doing so. There is no statute of limitations on fraud or TREASON.

THE FLEECING OF AMERICA

Very few people comprehend the reprehensible manipulation of the monetary system in America for if they knew the extent of the deception that prevails, there would indeed be revolution. Henry Ford, Founder of Ford Motor Company, commented on the privately owned Federal Reserve System scam. "It is well enough that the people of the nation do not understand our banking and monetary system, for if they did, I believe there would be a revolution before tomorrow morning". George W. Malone, U. S. Senator (Nevada), speaking before Congress in 1957, alluded to the families who secretly own the Federal Reserve Bank and control the finances of the U.S. He stated: "I believe that if the people of this nation fully understood what Congress has done to them over the last 49 years, they would move on Washington; they would not wait for an election...It adds up to a preconceived plan to destroy the economic and social independence of the United States". This is precisely what President Kennedy was about to overturn before his assassination. Lewis McFadden, U.S. Congressman, is quoted as saying "We have in this country one of the most corrupt institutions the world has ever known. I refer to the Federal Reserve Board and the Federal Reserve Banks. They are private monopolies which prey upon the people of these United States for the benefit of themselves and their foreign customers." The Constitution gives Congress the right to coin money and to place it into circulation, interest free, so why would the Treasury Department print money, hand it over to the Federal Reserve Bank, for only the cost of the printing, and then borrow it back WITH INTEREST (now 330 billion/year) pledging Americans to heavy debt when they could merely print it within the Treasury Department and place it into circulation, INTEREST FREE, as specified by the Constitution?

Those banks tied to the Federal Reserve, are accessories to the crime as they practice **fractional banking** which means that they can legally create loans out of thin air and charge USURY which is in direct opposition to the Bible (Exodus 22:24, Leviticus 25:36-37, Deuteronomy 23:20). Thomas Jefferson is quoted as saying "If the American people ever allow private banks to control the issue of their money, first by inflation and then by deflation, the banks and corporations that will grow up around them (around the banks) will deprive the people of their property until their children will wake up homeless on a continent their fathers conquered." If you analyze the condition of America today it is apparent that Thomas Jefferson's warning has materialized.

The banks are allowed to make loans in excess of fifty times the deposits on hand keeping in mind that money rarely changes hands. In the millions of transactions made each year by the banks little currency changes hands, nor is it necessary that it do so. 95% of all "cash" transactions in the US are made by check, so the banker is perfectly safe in "creating" that so-called "loan" by writing the check or deposit slip, not against actual money, but AGAINST YOUR PROMISE TO PAY IT BACK! The banker takes zero risk on every transaction and requires the borrower to pledge personal assets far in excess of the loan value. The cost to the banker is paper, ink, and a few dollars in salaries and office costs for each transaction. It is "check-kiting" on an enormous scale. This is why the bankers prosper in good times or bad. Massive banking profits are routinely channelled to support the campaigns of politicians who champion the fractional banking scheme and protect it through legislation.

FEDERAL RESERVE HAS FINANCIALLY DEVASTATED AMERICA

The Rothschild brothers of London, in a letter discussing their new banking scheme (Federal Reserve Bank), stated as follows: "The few who understand the system, will either be so interested in its profits (the banks) or so dependent on its favors (our elected officials) that there will be no opposition from the class (WE THE PEOPLE). The great body of the people, mentally incapable of comprehending the tremendous advantages will bear the burden without complaint". This last statement is not very complimentary of the American people but we are bearing the burden without complaint as the Rothschilds predicted every time Federal income taxes are automatically withheld from our wages. The Federal Reserve, which is no more Federal than Federal Express, is not mentioned anywhere in the Constitution and the interest being charged to the American people is illegal, unconstitutional, immoral, and criminal. The Federal Reserve is the largest criminal organization operating in America and every time Federal taxes are deducted from our checks to pay these phoney interest charges the theft is perpetuated. If Congress does not want to shut them down then 260 million Americans should not have any problem closing only 12 Federal Reserve Banks (Boston, New York, Philadelphia, Cleveland, Richmond, Atlanta, Chicago, St. Louis, Minneapolis, Kansas City, Dallas and San Francisco).

GOVERNMENT SHUTDOWN ONLY TIP OF THE ICEBERG

The Federal Government is bankrupt only because the Federal Reserve exists. Americans have paid enough money in taxes to finance the government of this nation many times over. All the talk about balancing the Federal budget is a blatant distortion of the fact. The truth will surface as the worst financial collapse in history. Keep in mind that all savings accounts, social security, pension funds, stocks, bonds, etc. are nothing more than paper IOU'S - a promise to pay at some time in the future assuming, of course, there are no surprises, in which case, all bets are off. As for the FDIC, they are so close to being broke that they might as well close up shop. All the banks will tell you that your savings are insured by the FDIC - but what they don't tell you is that the FDIC can't even cover one percent of the total deposits in America. Therefore, if there is a total bank collapse 99% of the depositors have a real problem as all they will get from the FDIC is an apology which can't be used to buy even a loaf of bread.

FEDERAL BUDGET DEFICIT IS RESULT OF ILLEGAL INTEREST AND WASTE

The Federal budget is approximately 1.5 trillion dollars and the single greatest expense on that budget is the interest being paid to the unconstitutional Federal Reserve Bank by WE THE PEOPLE. Those illegal interest charges are currently 330 billion dollars every year and projected to be 450 billion dollars by the year 2000. That's an increase of 120 billion dollars of interest charges in just five years which translates into a minimum tax increase of 120 billion dollars to be placed upon the backs of WE THE PEOPLE. Our future, if left unaltered by WE THE PEOPLE, is destined to be MORE DEBT, MORE TAXES, MORE PAIN and LESS PROSPERITY. For those who would like to verify these numbers for themselves they have been taken from the "The Economic and Budget Outlook : Fiscal Years 1996-2000" which was prepared by the Congressional Office for the Senate and House Committees on the budget as required by Public Law 93-344. The same report to Congress clearly projects the annual deficit to double by the year 2000 and the gross Federal debt to increase by 46%. So why is the public being told that Congress can balance the budget in seven years when all the facts available to Congress certainly indicate this is impossible. Americans have simply been deceived once again. Significant areas of waste, as outlined within the president's private sector survey on cost control known as the Grace Commission Report, are program subsidies, Federal retirement programs, personnel management, and procurement.

THE DEFICIT IS MUCH WORSE THAN REPORTED

The government's report of the Federal debt and deficits are grossly deceptive. Enormous liabilities are not being listed on the Federal budget at all and have been listed as off budget items. The government has been stealing funds from Social Security as well as Civil Service and other pension funds. If the theft of these various

accounts had never taken place the reported deficit would be substantially larger. Government, at all levels, has become the nation's largest employer. The Social Security fund as well as various pension funds have been so substantially stripped out that many citizens will never collect one cent. The reason given to the public is that more people now are collecting social security benefits and there isn't enough money in the fund. The only reason there won't be enough money in the fund is because it has been stolen! This level of debt is criminal and the poor and disadvantaged are being used as pawns in the game. While the poor are being threatened with reduced services the government is planning to send an additional 120 billion dollars of illegal interest payments to the Federal Reserve Bank, who by the way, are very generous at campaign time, much more generous than the poor are capable of being !

Congress is masking their criminal activities with heated balanced budget debates on national media and, of course, they shut the government down a few times just for good measure. All this is designed to convince WE THE PEOPLE how diligently our leadership is working to help us. They're going to help us all right ! Over the next five years they will help us out of more tax money as Federal taxes increase, help us out of more social security payments which are projected to increase, help us out of the American dream, help us out of good paying jobs, help us out of our homes and farms, and help us out of our life savings and pensions when they announce the financial collapse at which time they will help us find the closest bread lines. This is precisely how other people living under dictatorships around the world are being helped.

TAX REVOLT WELL UNDER WAY IN AMERICA

The primary sources of financial corruption in this country, which Americans must oppose, are the illegal Federal Reserve Bank and their partner in crime, the Internal Revenue Service. When the government shut down in December of 1995 the IRS was not affected because they are not part of the Federal Government. They are a private corporation employed and paid by the Federal Reserve Bank. That is why all your tax returns were mailed right on schedule while the government was shut down. HOPE THAT ONE DIDN'T ESCAPE YOU ! Consider some of the following additional facts:

FACT: 30% of Americans have stopped paying Federal income taxes after they learned that the privately owned IRS is illegal, unconstitutional, and not part of the Federal Government. The IRS itself has admitted in press releases that the VOLUNTARY COMPLIANCE RATE is the lowest in history. This translates into a TAX REVOLT that is well under way in America and gaining momentum. If you want to prove to yourself that the IRS is a private corporation and not part of the Federal Government call the Division of Corporations at the Delaware Secretary of State office at 302-739-3073 and request information on file number 0325720. That is the file number for the Internal Revenue Tax and Audit Service, Incorporated (referred to now as the IRS). You can receive documented proof by sending \$7.00 to the Division of Corporations, P.O. Box 898, Dover, Delaware 19903 and request a copy of their original corporate charter. The IRS cancelled their charter with the state when the state wanted to audit their records. The IRS is employed by a private corporation with international stockholders known as the Federal Reserve.

FACT: In 1913 the Federal Reserve Act was imposed upon the American people by Congress resulting in unconstitutional interest charges on the national debt for the first time since the Revolutionary War thus destroying the power of the U.S. Treasury.

FACT: The Federal Reserve is a privately owned banking cartel with stockholders and is not part of the Federal government. If you look at the back of your last cancelled check paid to the IRS for Federal income taxes it will clearly state that it was deposited into the Federal Reserve Bank (FRB) NOT THE U.S. TREASURY, which relinquished its control of the nation's purse in 1913.

FACT: Americans now work until Early May every year for the sole purpose of paying phony Federal income taxes. The unconstitutional interest charges being imposed on the backs of Americans are the only reason we have Federal income taxes and the only reason we cannot balance the Federal budget. Income tax is extortion illegally enforced by the IRS.

FACT: Congress has NO CONTROL over the Federal Reserve because the stockholders of the Federal Reserve have placed themselves above the laws of our land and will not allow Congress to audit their records. If the foreign stockholders of this illegal Central Bank have enough power to dictate to Congress and to "WE THE PEOPLE" then WHO IS REALLY CONTROLLING AMERICA?

FACT: Not one nickel of our tax dollars is being used to finance our government. Enough money is being collected by the Federal Government from all other sources to more than finance the day to day activities of this nation. One hundred percent of our tax dollars is being used to pay the unconstitutional interest charges IMPOSED ON US BY FORCE by the Federal Reserve Bank, whose stockholders are nearly 100% foreign (NOT AMERICAN). If we refuse to pay this unconstitutional tribute we are illegally assaulted by their enforcement branch (IRS).

FACT: From the time of the Revolutionary War until 1913 we had no Federal Reserve Bank, no income taxes, no significant national debt, a huge middle class and American families prospered without the burden of taxation as the founders intended. Now the reverse is true and it was engineered for the purpose of EXTORTING taxes from WE THE PEOPLE.

FACT: The founding fathers refused to be THREATENED, INTIMIDATED, OR FORCED TO PAY ILLEGAL TAXES. If they were alive today they would be called Militia, tax cheats, tax protestors, felons, terrorists, threats to national security, and placed into prison to silence them, for refusing to pay illegal taxes. If the founding fathers had paid the same illegal taxes to the king of England or failed to resist the oppression of the time there would be NO Declaration of Independence, NO U.S. Constitution, and NO freedom.

The strong arm of the Federal Reserve is the IRS. A book entitled **VULTURES IN EAGLE'S CLOTHING** written by Lynn Meredith documents and exposes the IRS by explaining in detail why Americans have no legal obligation to pay the illegal Federal income taxes. The book took seven years to research and the IRS has been working overtime trying to keep this book off the streets. You can obtain a copy by writing We the People, 17011 Beach Boulevard, Suite 900, Huntington Beach, California 92647. Phone (714)-375-6631 or Fax (714)375-6699. Consider some the following facts about the IRS:

FACT: IRS seizures of Americans' private property, WITHOUT DUE PROCESS OF LAW, are escalating. The fifth amendment clearly states that no person shall "be deprived of life, liberty, or property without due process of law." So what places the IRS above the law - certainly not WE THE PEOPLE !

FACT: IRS agents are seizing personal bank accounts, vehicles and property with the illegal assistance of the banks, without court orders and without Constitutional authority. The victims are made liable for penalties and taxes, based on some agent's obscure opinion, NOT ANY LAW, until the victim can afford to engage legal defense to recover the stolen property.

FACT: IRS agents are canvassing courthouses throughout the country placing tens of thousands of liens on homes and farms that Americans have spent their entire lives working for. When the homes and farms are sold the IRS confiscates the equity, without due process, financially destroying each American family they touch.

FACT: After seizing everything a family owns the IRS then approaches the victim's employer and garnishes 50-90% of his NET INCOME. If the employer resists this group of terrorists, he is threatened with audits and penalties for refusing to collaborate with the financial destruction of an employee. Confiscating 90% of one's income is not about money, it's about power, the power to destroy peoples' lives to set an example of intimidation for others to observe.

FACT: Americans have never empowered this non-government terrorist agency (IRS) with the authority to financially impoverish the people. Contrary to the Constitution, the IRS employs FEAR (False Evidence Appearing Real) tactics rather than due process of law.

FACT: IRS agents are now also engaged in KGB type activities that have absolutely nothing to do with collection of taxes. They have been canvassing neighborhoods and asking personal non-tax related questions about individuals in direct violation of our Constitutional right to privacy. The information is being compiled to form personal dossiers within classified data bases that cannot be accessed through freedom of information laws.

FACT: You don't have to show your records to the IRS as they have no legal right to demand such information because it violates Constitutional protections. When an IRS agent states that he has the legal right to demand your records ask him to put that statement in writing and send it to you - be sure to have him quote the applicable laws and sign it. He will never put it in writing because he knows it is illegal.

FACT: Some IRS agents around the country are now being sued for illegally confiscating assets and this process of accountability is escalating. An increasing number of IRS agents will be facing criminal prosecution as the public becomes increasingly aware of their illegal dealings.

FACT: Many IRS agents are now hiding behind locked security doors, protected by armed Federal marshalls, at various Federal buildings throughout America while they interrogate and intimidate their naive victims who simply don't know the law. Why would this or any collection operation, if it was REALLY LEGAL need so much protection from "WE THE PEOPLE"?

The IRS may soon be replaced by a flat tax, consumption tax or national sales tax. The White house, with the help of the media, is setting the stage at this time. **MOTIVE: TO RAISE MORE REVENUE THROUGH EXPANDED ABUSIVE TAXATION.** Americans would do just about anything to get rid of the IRS, and that is the trap that will ensnare most of our countrymen. France has a similar tax system and they are now paying five dollars per gallon for gasoline of which \$4.50 is nothing more than TAX. This is the direction I believe we are now headed. **REASON:** A tax revolt is now well under way in America and a new tax system is required to squeeze more money out of already overburdened Americans. A person who might refuse to pay the abusive taxes today may not be able to refuse buying heavily taxed gas tomorrow. The new tax system will be nothing more than unadulterated extortion and the police state is well in place now to enforce it. Americans will pay or Americans will suffer the consequences - the new prisons are now under construction. Americans must resist any Federal tax system that sends our tax dollars to the stockholders of the unconstitutional Federal Reserve Bank.

PUBLIC OFFICIALS GUILTY OF TREASON

The presidential oath of office reads as follows: "I do solemnly swear (or affirm) that I will faithfully execute the office of the President of the United States, and will, to the best of my ability, preserve, protect and defend the Constitution of the United States". Congress and other public officials take the same oath to defend our Constitutional form of government. **SO WHY AREN'T THEY ?**

Substantial legislation has already been passed, and more is pending, which violates the supreme law of the land, our Constitution. **EXAMPLES:** Brady Bill, Crime Bill, Terrorism bill, HR666 which allows illegal search and seizure of our homes, and the Terrorist Bill. Article six - paragraph two of our Constitution reads "This Constitution, and the laws of the United States which shall be made in Pursuance thereof and all treaties made or which shall be made under the authority of the United States shall be the **supreme law of the land** and the judges in every state shall be bound thereby **ANY THING IN THE CONSTITUTION OR LAWS OF ANY STATE TO THE CONTRARY NOTWITHSTANDING.**" **TRANSLATED:** Any secondary laws (Brady Bill, Crime Bill, HR666, Terrorism Bill) which conflict with the Constitution are null and void because the supreme law of the land always prevails (Marbury vs Madison - Recorded volume 5 page 137, U.S. Supreme Court Reports).

Congress has no power to pass secondary laws that are in direct conflict with our Constitution, so what is it that our elected representatives don't understand about their oath of office or the Constitution ? They are passing unconstitutional secondary laws in direct opposition to the Constitution through most every act of Congress and expect Americans to blindly accept these illegal laws. Legislation that violates the supremacy clause (Article six - paragraph two of the Constitution) are null and void, bear no power to enforce, bear no obligation to obey, no courts are bound to uphold, no citizens are bound to obey and they represent nothing more than fiction. The problem is that too many Americans do not know their rights and **when you don't know your rights then you don't have any rights.** History repeats itself when people forget it!

GOVERNMENT LINKED TO DRUG TRADE

The drug trade is a multi-billion dollar business and there is substantial evidence now available that clearly indicates that the U.S. Government is sharing in those profits. The Drug Enforcement agency has been established only to attack competitors of the U.S. government in the drug trade - It has nothing to do with stopping drugs. Drug dealers who are arrested, as seen on the media, are individuals competing with the government. These arrests serve two proposes. First it takes the competition off the street and secondly, serves to convince Americans that there is a war on drugs. Who could possibly believe that the government is seriously attempting to end drug traffic when the NAFTA Treaty endorsed unencumbered flow of drugs from Mexico? There are few teenagers or college students who couldn't point out the local pusher in most any school or on most any campus in America yet our government, with all their resources, claims to be losing the war on drugs.

The best research which exposes and clearly links the government to the drug trade in America was done by Colonel James Bo Gritz the highest decorated Green Beret in American history and a presidential candidate in the last election. He has undisputable proof and would have told his story to the world but the media denied him public access during the last election. However, his book **CALLED TO SERVE** provides all the details of his research linking the government to the drug trade. The book can be obtained by contacting the Center for Action c/o HC11 Box 307, Kamiah, Idaho 85356 or by calling them at 208-935-2918. The Federal government attempted to railroad the Colonel into prison if he didn't keep his mouth shut but thanks to a jury who still knew their rights, the government failed in their attempt to silence him.

CURRENT ATTEMPTS TO OVERTHROW THE U.S. CONSTITUTION

Another blatant act of treason has been the ongoing attempt, by elected officials, to overthrow the U.S. Constitution vis-a-vis the Constitutional Convention and the Conference of States. If the Minutemen (Militia) along with other patriot groups had not been on top of this issue for the past several years blocking the attempts to destroy the Constitution it would already be in the scrap pile and our freedoms with it. Federal political action committees have been compensating state legislators in return for their loyalty in calling for a Constitutional Convention for purposes of setting the stage to rewrite the U.S. Constitution. Once a Constitutional Convention is underway there is nothing in the Constitution that limits the number of changes which can be made to this great document.

Public officials now guilty of treason for Constitutional violations would be totally absolved of these charges if they could legally alter the Constitution before **WE THE PEOPLE** recognize the multiple Constitutional infringements that have taken place! The Constitutional violations of today will be the law tomorrow and **WE THE PEOPLE** will be the losers! This is so dangerously close to becoming a reality that you should be checking the status in your own state routinely by calling your local representative. If the Constitutional Convention has been approved in your state then work to get it rescinded as other states have already done such as Florida. Study article five of the Constitution and memorize the section that states "shall be valid to all intents and purposes as part of this Constitution, when ratified by the legislatures of three fourths of the several states OR by conventions in three fourths thereof as the one or the other mode of ratification may be proposed by the Congress. TRANSLATED: State legislators can be totally bypassed in regard to approving the new Constitution through the application of ratifying committees composed of appointed individuals. **WHO DO**

YOU SUPPOSE WILL BE APPOINTED? One man who has been very instrumental in stopping the Constitutional Convention in Ohio and an excellent resource for those seeking more information on this issue is Steve May (political activities only). He may be contacted by writing to him c/o One Red Slate Roofing Company, 1023 N. 6th St., Columbus, Ohio 43201 or by calling him at 614-299-5514.

U.S. MILITARY NOW UNDER FOREIGN COMMUNIST OPERATIONAL CONTROL

Many of our military bases have been closed and under Presidential Decision Directive 25 (PDD-25) our American military personnel are now serving under foreign operational control of the Communist dominated United Nations. When I requested a copy of PDD25, I was advised by Congress that it is a classified document and is not available for public distribution so what has Clinton agreed to that Congress and the public are not entitled to see? It is my opinion that the possibility exists that Clinton, exercising dictatorial power under the guise of executive prerogative, may well have agreed to the suspension of the U.S. Constitution and pledged his full allegiance to the Communist based U.N. Charter. Janet Reno, in addressing law enforcement personnel around the country, has openly stated that suspension of the Constitution was likely. It is also likely that she would not be making these statements unless this action had already been covertly sanctioned. The United Nations was founded in 1946 and has had a hard line Communist as its director every year since its inception. Our sons are, therefore, going to be fighting and dying for the political interests of foreign countries on foreign soil all around the world under the Communist controlled United Nations. **REMEMBER:** the goal of Communism is to dethrone God in the world and bury capitalism. Communism has power and control as its goal NOT peacekeeping, and never life, liberty and the pursuit of happiness.

PAUL HARVEY SAID IT RIGHT!

Commentator Paul Harvey stated on his September 24, 1993 broadcast that "One would think by listening to all the propaganda about the United Nations that they are some sort of benevolent, peaceful organization. Never in the history of the United Nations has it stood for anything but killing and violence. They have never kept peace anywhere on this globe. Their sole function is to replace the U.S. Military - dissolve all four branches of our armed forces. Their allegiance is only to the United Nations Charters which does not recognize the U.S. Constitution. This body is made up almost exclusively of Communists and leaders of the bloodiest regimes on this globe. Their history and operating agenda is apparent to anyone who takes the time to sincerely and with an open mind, research the facts of this organization, separating truth from myth. Bilderberger participants (another group committed to one-world domination) in 1992 called for conditioning the public to accept the idea of a U.N. Army that could, by force, impose its will on the internal affairs of any nation."

FEDERAL GOVERNMENT SEIZING CONTROL OF LOCAL SCHOOLS

Federal control of our public schools places this action under the category of treason as the blatant displacement of the morals of our children and manipulation of the curriculum to yield politically correct orientation are two of the most insidious crimes against the people of this nation. Goals 2000 is the legislated mandate of the Federal Government to seize control of the schools away from the states giving the Federal Government absolute control of the message given to our children (Federally controlled curriculum) and absolute control of the messenger (Federally controlled accrediting of teachers). It has absolutely nothing to do with raising the standards of education in America and everything to do with securing total Federal control over what should be taught to our children. **Outcome Based Education** is designed to uproot any pre-existing values a child may have acquired at church or in their home, basically omits academics by reducing knowledge to a minimum, focuses on behavior modification, confuses their value system through dialectic thinking (what Marxists used to cause changes in thinking), and assesses students on a regular basis to be certain the programming has taken hold.

Our generation may be the last hope of salvaging the youth of America because the hidden agenda of the U.S. (FEDERAL) Department of Education is now very clear. The Department of Education sounds harmless,

however, this is one of the most insidious, destructive forces in America today. Their mission is to shape the thinking of the next generation so that the radical-liberal-humanist, anti-God agenda can be more easily realized. Their objective is to drive out every vestige of our Judeo-Christian heritage from American life and to replace traditional moral values with the destructive, self-centered philosophies of the modern age. To better understand the dangers of Outcome Based Education you can obtain a publication entitled the **OBE Manual** by calling 812-477-8670 or 800-4-Bypass. This 20 page handbook details the actual motivation behind Goals 2000.

GOALS 2000 makes Washington the judge of our local schools by establishing a national school board, and mandates the radical Outcome Based Education which abandons traditional learning in favor of obscure outcomes geared to bringing about radical changes within our society. The Department of Education has steadily marched toward the old centralized, Soviet style Federal control of all curricula and away from biblical parental control. The U.S. Department of Education should be SHUT DOWN and total control of the schools returned to the states. **GET THE FEDERAL GOVERNMENT OUT OF YOUR SCHOOLS NOW!**

A SUMMARY OF TREASON IN AMERICA

"A nation can survive it fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and he carries his banners openly. But the traitor moves among those within the gate freely, his sly whispers rustling through all the galleys, heard in the very hall of government itself. For the traitor appears not traitor - he speaks in the accents familiar to his victims, and wears their face and their garments, and he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation - he works secretly and unknown in the night to undermine the pillars of a city - he infects the body politic so that it can no longer resist. A murderer is less to be feared" (Cicero-42 B.C.)

PRESIDENTIAL ELECTIONS COVERTLY MANIPULATED

Free presidential elections in America may not be so free as they appear on the surface. After considerable research it has become painfully obvious that the two party system is heavily, if not totally, influenced by a group known as the Council on Foreign Relations (CFR). The CFR is the American branch of a society which organized in England, and which believes national boundaries should be obliterated and one world rule established. To obtain a complete membership list contact the Council on Foreign Relations at 56 E. 68th Street, New York, NY 10021 (212-734-0400). The CFR is totally dedicated to the U.N. Charter which replaces the U.S. Constitution. There are no rights in the U.N. Charter - only privileges and only if you pay your abusive taxes, suffer in silence and mouth all the politically correct phrases - no different then a trained monkey who gets a banana for responding properly.

CFR CONTROLS MOST PRESIDENTIAL CANDIDATES

One typically does not become a top contender for president in the United States unless he is a member of the Council on Foreign Relations. Rare indeed are the men who would not be willing to sacrifice the welfare of the nation for the sake of securing his own welfare. Both Kennedy and Reagan (non-CFR members) were shot and Reagan, who was meant to die, survived. The men of the CFR have remained invisible to the public eye and plan to do so until the moment when they have gained such strength that no amount of cunning can any longer undermine their domination over America. The way presidential elections function in America are as follows. The Council on Foreign Relations selects two very loyal members and supports both of them with money and media coverage. One is supported on the Democratic ticket and the other as a Republican. I think that it was no coincidence that in the recent presidential election of 1992 both Clinton and Bush were CFR members. The CFR will do anything to retain Clinton in for a second term to maintain integrity of their agenda. The only two non-members (presidents) in the last 40 years were Kennedy and Reagan (also the only two to be shot). We are free to vote, however, in most elections over the past 40 years the choices have been highly manipulated so that

our only choices were CFR members. Once you review the membership list it will become painfully clear how this group is capable of manipulating our only choices.

THE AWESOME POWER OF APPOINTMENT

Once the position of president has been purchased by the CFR then the President and the various heads of agencies, through the "POWER OF APPOINTMENT", proceed to appoint 4590 full time positions and 27,165 part time positions within the executive departments as well as the regulatory and other collegial boards and commissions. These numbers took considerable time to ascertain as most of the congressmen who were contacted did not know, however, one Congressman (name withheld by request) sent me a copy of a report prepared by the Congressional Research Services dated November 18, 1992 that clearly outlined all of the appointed positions.

Therefore, this awesome "POWER OF APPOINTMENT" has remained obscure to most of our own leadership and not one American I ever questioned had even a vague idea of the enormity of this power. Those appointed positions include 861 Federal judges who do exactly what they are told to do, therefore, law, which is intended to be the administration of justice, is merely fiction as justice is being selectively applied for political purposes in many cases. Who do you suppose Clinton, as well as previous presidents, filled those top appointed positions with? If you guessed that they filled these key positions with additional CFR members - you guessed correctly. The same people behind the Federal Reserve are the founders of the Council on Foreign Relations whose goal is world domination enforced through the United Nations. At this point many should now understand why the middle class in America is shrinking rapidly - that's the plan - because the more dependent people become the easier it is to control them! Every dictatorship in the world has used the same blueprint of tyranny. Past Presidents who were CFR members have heavily infiltrated, with appointed positions, the Department of State, National Security Council, The Judiciary, Treasury Department, White House staff, Library of Congress, U.S. Institute for Peace, Office of Science and Technology, Office of Technology Assessment, Environmental Protection Agency, Export-Import Bank, National Science Foundation, U.S. Arms Control and Disarmament Agency, and numerous ambassador positions with many other CFR members who take their orders from the Council on Foreign Relations - NOT THE AMERICAN PEOPLE OR CONGRESS.

ELECTORAL COLLEGE NOT BOUND TO VOTE THE WILL OF THE PEOPLE

Few people understand the electoral process during presidential elections and that is tragic. This doesn't say much for the product of our school system! Each candidate running for president identifies his own electors within each state. There is one elector for every member of Congress (Senate and House) within each state. The presidential candidate who receives the majority of the popular vote within each state receives 100% of the electoral vote from that state, keeping in mind that the electors were hand picked by the candidate himself. A presidential candidate could, therefore, win the popular vote on a national basis and lose the election as a result of the vote of the electoral college.

The electors picked by the various presidential candidates are not Constitutionally bound to vote the will of the popular vote. The term is known as "FAITHLESS ELECTORS" which means that the Electoral College essentially remains Constitutionally free to cast their ballots for any presidential and vice presidential candidates however they wish regardless of the will of WE THE PEOPLE. There is no uniformity among the state statutory provisions binding or not binding the electoral collegians. To compound the potential for deception there is considerable data to suggest that the popular vote may very well be manipulated through computer programming to produce desired election results at all levels of government. The book entitled **VOTESCAM**, written by James Collier and published by the Victoria House Press, provides considerable detailed evidence of election tampering in America. The information contained within the book was presented to and completely ignored by Janet Reno of the Justice Department.

WHITE HOUSE DOMINATED BY CFR MEMBERS

Some key names in the current and recent administrations who are CFR members are Dick Thornburgh, Colin Powell, Henry Kissinger, David Rockefeller, Lynn Martin, Robert Gates, Richard Cheney, Brent Scowcroft, Nicholas Brady, Richard Darman, Michael Calhoun, Anthony Lake, Warren Christopher, James Woolsey, Laura Tyson, Lloyd Bensten, Bruce Babbitt, Henry Cisneros, Donna Shalala and Alice Rivlin. The entire Department of State is staffed with CFR members and approximately forty members of Congress are CFR members as well. I could fill these pages with names but the bottom line is that the two party system and representative government has become more of a myth than actual reality. I hope at this point many are starting to understand why the patriotic, God fearing American Militia have become a prime target of the media. Taking into consideration the fact that the presidency is sold to the highest bidder combined with the "HIDDEN POWER OF APPOINTMENT" it should be clear at this point that representative government is virtually non-existent. What we clearly have in this nation at this period in our history is a dictatorship wearing the mask of democracy.

ABORTION = GENOCIDE IN AMERICA

The real choice that a woman makes when having an abortion is one of denying the existence of God when rejecting his will by committing the mortal sin of abortion. Having almost succeeded in building a purely human civilization in America without God, obstinately closed against any divine influence, mankind is rushing towards its own ruin, in danger of destroying itself with its own hand and abortion is the primary contributing factor. The Supreme Court has legally sustained the greatest atrocity (abortion) in America. When any group of men exceeds the authority granted them by God they are no longer worthy to govern over a society based on God fearing principles. This group of appointed men has led the soul of a nation into mortal sin under the guise of freedom of choice.

The growing pro-life "Rescue Movement" in the U.S. has seen over 40,000 rescuers arrested trying to save babies and women from abortion. Hundreds of babies have been saved. Besides being arrested and often jailed, non-violent, praying rescuers are being met with police brutality on a scale never before witnessed in this country. Injuries have ranged from broken bones to miscarriages. Injustice has also been found in the courts. Judges have imposed huge fines and harsh jail sentences upon decent citizens whose only crime was trying to stop the daily killing of over 4,400 innocent, unborn babies. Sadly, this brutality and injustice has been ignored by the national media - this shouldn't come as any surprise. We are sending troops to Bosnia to **"stop crimes against humanity"** when one of the greatest crimes against humanity (abortion) is taking place on our own soil.

In the United States it is legal to abort a baby up to the day of birth. By eight weeks old the heartbeat of a developing baby can be heard on an office ultrasonic stethoscope, and brain waves are measurable. From 1973, when abortion was legalized, through 1988 over twenty eight million babies were murdered by abortionists. That represents twenty four times more deaths than the Revolutionary War, Civil War, World War I, World War II, Korean War and the Vietnam War combined. On the battle field you can fight back, however, in the womb of the mother these children have no recourse.

ABORTION DOCTORS ARE PROFITEERING COWARDS

The doctors performing these abortions are worse then those individuals who participated in the holocaust of the Jews in Germany. These doctors have built an entire industry around developing slaughter houses to annihilate the most precious, most innocent, and the most helpless of our society - THE UNBORN CHILD, for nothing more than personal financial gain. These self serving anti-Christian abortionists represent the lowest and most cowardly form of human life in America. Every day in this country about 4,400 babies die from atrocities by dismemberment, chemical poisoning, lethal injections into the heart, being torn limb from limb and now, being partially delivered and having their brains sucked out and their organs sold.

BARBARIC METHODS USED BY ABORTIONISTS (CONTRACT KILLERS)

Suction Abortion is performed between six and 12 weeks. This method involves the insertion of a tube through the cervix (mouth of the womb). Connected to a powerful suction, this tears apart the body of the developing baby and sucks it out. Then, either with this tube or with a curette, (a loop shaped steel knife), the abortionist cuts and slices the deeply rooted placenta, the afterbirth, from the inner wall of the womb.

Salt poisoning is a method of death whereby a long needle is inserted through the mother's abdomen into the baby's sac and a solution of concentrated salt is injected. The baby breathes in and swallows the salt and is poisoned by it. It takes over an hour to slowly kill the baby. The mother will go into labor about 24 hours later and deliver the "Product of Pregnancy."

The D & E procedure of abortion is a method that utilizes a sharp toothed, plier-like instrument. The abortionist grasps a part of the body of the baby and tears it away. This dismemberment of the living baby continues, without any fetal anesthetic, until all parts, plus the deeply rooted afterbirth, are removed.

The D & X procedure of abortion is used at 32 weeks. After 3 days of dilating the cervix, the abortionists reaches up the birth canal, grasps a leg and pulls it down and out, then the other leg, body, shoulders and arms. The head is too large so a blunt scissors is inserted into the base of the living baby's skull and spread apart. A suction tube is inserted up into the skull and the brains are sucked out. This kills the baby, collapses the head and the child is removed.

The issue of abortion has nothing to do with freedom of choice or health care. Women who insist on aborting their children can go to other countries to do so but America can no longer participate in this holocaust.

PROMINENT PRO-LIFE ORGANIZATIONS

One pro-life organization that has opposed abortion on a national basis is Operation Rescue located at P.O. Box 740066, Dallas, Texas 75374 (phone number: 214-907-2280). Another national pro-life organization is Life Dynamics located at P.O. Box 2226, Denton, Texas 76201 (phone number: 817-380-8800). These organizations have books and tapes that are real eye openers. A book entitled **LIME 5** written by Mark Crutcher is a must. It details the extreme dangers to women having abortions to include the many types of complications that take place, the lack of controls within the abortion industry, and much more. Contact Life Dynamics for a copy of this book. You may also want to view the **Hard Truth** video available from the Bio-Ethical Reform at 714-632-7520.

GOD DETHRONED IN AMERICA AS CHURCHES LOOK ON !

Where were God fearing Americans when the Supreme Court removed prayer from our schools in 1962 (declared it unconstitutional), removed Bible reading in 1963 (it could be psychologically harmful to children), told the students not to pray audibly at meals in 1965, and outlawed the Ten Commandments in 1980? Matthew 15:8 states that "These people honor me with their lips but their hearts are far from me". Our churches are clearly guilty of the same. Each of these actions by the Supreme Court was an attack on God unsuccessfully defended by the church. Lenin said that "once the leadership of a nation debases the morals of the people they will have no courage to resist." Could that be the reason why the churches and their members are not resisting? To educate a man in mind and not in morals is to educate a menace to society. WE MUST welcome God back into the public schools on a county by county basis. From 1776 until 1962 (186 years) God was welcome in our schools because that is what the founding fathers planned, otherwise why would we have had school prayer and the ten commandments hanging on the walls for 186 years? For 186 years we experienced low teenage pregnancies, low divorce rates, no abortions, few single family households, strong family units, little teenage crime, etc. However, since God has been removed from our schools (33 years now) every moral indicator, including political integrity, has been catastrophic.

JUDGE A TREE BY THE FRUIT IT BEARS (SUPREME COURT)

The Supreme Court has been undermining the morals of America through legislation. Once these catastrophic rulings were forced upon the schools by the Supreme Court SAT scores declined for 18 consecutive years, and teenage pregnancies, abortion, adultery, unmarried couples living together, single parent households and divorce increased by 400-700% How can WE THE PEOPLE tolerate social cataclysm of this devastating magnitude? No foreign enemy could have done more damage to the moral fabric of this God fearing nation than was done by the Supreme Court the day we allowed them to remove God from our public schools. These men on the Supreme Court are morally corrupt individuals masquerading as God fearing Americans. The Bible reminds us to judge the tree by the fruit it bears. The fruit of their labor has been spiritual demoralization and moral depravity. Karl Marx is quoted as saying "My objective in life is to dethrone God and destroy capitalism." Isn't that precisely what the Supreme Court has done with little resistance from WE THE PEOPLE ?

THE IRS HAS SILENCED OUR CHURCHES

The prayer that Jesus taught the crowds during his sermon on the mount suggests succinctly what is meant by the kingdom of God. "Thy will be done on earth as it is in Heaven." God's will, he is saying, must rule in the world he created, the basis for our REPUBLIC, so why aren't the churches asserting themselves and speaking out against CORRUPT public policy ? In the United states, it has become common for many churches to become corporations (file papers with the state government for recognition as a corporation) and to apply to the Federal Government for tax exempt status (501)(c)3 Status). In exchange, certain privileges are granted to the church by the state and Federal Government.

However, most people are unaware that these privileges create a situation where the church becomes the "kings chapel" and places itself under obligation to public policy. Form 1023 for granting 501(c)3 status to churches lists two basic guidelines for its religious purposes test. The second states, "that the practices and rituals associated with the organization's religious beliefs or creed are not illegal or CONTRARY TO CLEARLY DEFINED PUBLIC POLICY". That's right! 501(c)3 corporations cannot oppose "clearly defined public policies" of the administration in power at the time even if those policies oppose every value held dear by God fearing Americans. If the church is not permitted to speak out against immoral issues, if the church can no longer expose abhorrent behavior, if the church cannot confront sin, if the church no longer raises a standard for society to strive for and attain, then, just what is the purpose of the church?

The IRS has, therefore, been used as a tool to silence the churches from speaking out against SIN. However, there are hundreds of ministers and priests now sitting in prison whom the IRS could not silence through intimidation. Can you imagine any church agreeing not to speak out against public policy when that policy is crucifying the God fearing principles upon which this nation was built? This is no different then the followers of Christ going into hiding at the time of his crucifixion. Christ is still being crucified through immoral legislation and many of his followers are still hiding ! How could any priest or minister promise to remain silent regarding public policy when it is clearly wrong ? The Bible is full of examples where God fearing people have spoken out against public policy. One cannot be God fearing and remain silent at the same time as silence makes one an accessory to sin. Dr. Francis Schaeffer warned that to make no decision against the rise of authoritarian government is already a decision for it.

PUBLIC POLICY BEING USED TO DETHRONE GOD IN AMERICA

God can be found everywhere we look throughout our heritage: "One nation under God... America! America! God shed his grace on thee... In God we trust... We hold these truths to be self-evident, that all men are created equal, that they are endowed by their creator (God)... So help me God" - in the court rooms, etc. So why does our leadership want to dethrone God at every opportunity under the guise of public policy ? MOTIVE: once God is dethroned in a country the people lose hope and any fear of atonement for sins from anyone other than the government who has been in the process of **creating God in the image of man**. Under these circumstances it becomes much easier to impose the will of men/tyrants over the will of God because citizens who

no longer believe in retribution after death are much more willing to accept any public policy even if it violates the laws of God. **EXAMPLE:** Those 1.6 million women who murdered their unborn children last year certainly don't believe in atonement for their mortal sin of abortion. This is precisely what happens when we allow God to be dethroned as people become easily deceived and effortlessly led into sin. The greatest step that **WE THE PEOPLE** could take to restore America as **ONE NATION UNDER GOD** is to close the abortion clinics now!

JUSTICE IN AMERICA IS WHATEVER YOU CAN AFFORD

"Woe to those who decree unjust statutes and to those who continually record unjust decisions, to deprive the needy of justice, to rob the poor of my people of their rights..." (Isaiah 10:1-2) Thomas Paine was quoted as saying that "The signs of a just government are that its taxes are low and its prisons are empty". Americans are now paying the highest taxes in their 220 year history since the Revolutionary war and we have a higher percentage of people in prison than any other nation on earth. Why would a country that is free have so many citizens incarcerated and why are we in the process of building record numbers of new prisons ?

ABUSES WITHIN THE JUSTICE SYSTEM ARE ESCALATING

ABUSE: The American Bar Association has perverted the justice system by converting it into a financial empire replacing justice with power and greed. As a result of this rapaciousness America now has a greater percentage of incarcerated citizens than any other country in the world. **PROFIT MOTIVE:** The justice/prison system has become a lucrative cartel in America generating massive profits directly and indirectly benefiting judges, lawyers and prison suppliers as well as the growing number of prison employees. Lawmaking has become the springboard of tyranny in America and the Federal judges, are predominantly responsible for the demise of an ethical and responsible legal system. Many power hungry judges have become vultures in eagles clothing financially destroying the lives of those they wrongfully condemn for purposes of generating massive profits for the corrupt system they represent. States are now passing new legislation that will enable the courts to force imprisoned citizens to pay for the cost of their imprisonment once released. This provides incentive to incarcerate more Americans because it will substantially increase profits for the prison industry.

ABUSE: Citizens are given the illusion of being defended in the courtrooms, however, attorneys are officers of the court and must, therefore, serve their masters at the American Bar Association or risk having their licenses revoked. Fear and judicial abuse generated in the courtrooms by the judges themselves has become the primary tool used to force self incrimination. Federal judgeships are being awarded to politically correct individuals who have bought their positions through enormous political contributions and seek power not justice.

ABUSE: The justice system, through the Supreme Court, has sanctioned some of the greatest social crimes being committed in America today such as abortion, support and protection of the homosexual agenda, unconditionally endorsing the removal of prayer from the schools, starving the poor and elderly, fostering drug use while withholding funding for treatment, eliminating inexpensive housing, allowing the creation of toxic waste and radioactive dump sites, etc. This same justice system that has condoned and supported murder of the unborn child, sexual perversion, moral decline of the youth in America as well as countless other social crimes is incarcerating tens of thousands of Americans for insignificant misdemeanors while generating millions of dollars through unconstitutional fines. **BOTTOM LINE:** The justice system has sanctioned moral decay through immoral legislation for the purpose of dethroning God in America and is now capitalizing on its own perverted creation (declining morality leading to rising crime including and within our own government).

ABUSE: How often do we hear the statement "IT'S THE LAW" ? Every attorney (of which there are now 500,000 in America), every judge and every sheriff is quick to tell us that "IT'S THE LAW". Many of the laws being passed today are illegal because they violate the Constitution and immoral because they violate the laws of God (abortion). **WE THE PEOPLE** have never empowered Congress, the President, his cabinet or the Supreme Court to pass laws which violate the Constitution or the Bible - yet this power is being consummated every day, and, some within the justice system (judges/lawyers/law enforcement) have been quoted as saying "my

job is to enforce all laws no matter whether they are good or bad". These are the words of a fool. These law enforcement officials must be reminded that they are American Citizens first and law enforcement officers second. Their primary responsibility is to the Constitution and "WE THE PEOPLE", not to elected officials who pass corrupt or immoral laws that are repugnant to the Constitution.

PRISONS ARE BEING CONVERTED TO SLAVE LABOR CAMPS

In addition, both our Federal and state prisons are being converted to slave labor camps in order to produce American products for government and military consumption in direct competition with American workers. The government has enormous financial motivation for building and filling prisons in America. It is making billions off these slave labor camps which are growing daily with no mention of it in the news. Prisoners are being paid as little as twenty five cents per hour for their time. Then their wages (two dollars a day) are being confiscated to pay for phoney fines imposed by the courts to generate increased profits for the prison system. The largest slave labor camp is run by Federal Prisons Industries which is part of the Federal government itself. They operate under the name of **UNICOR** to camouflage the true nature of their business. Their phone number in Washington D.C. is 202-783-5700. It should be clear (\$\$\$) now why the Federal government is building record numbers of new prisons and why America has a higher percentage of citizens in prison than any other country in the world. For further information regarding this slave labor operation you can call Dun and Bradstreet at 800-879-7362 and request information on the company by referring to their Duns number 626627459. This operation is growing so large that even Dun and Bradstreet is tracking them.

As soon as Congress passes the appropriate legislation the directors of these slave labor camps will be free to manufacture any product they desire. Whatever isn't shipped to Mexico will be subcontracted to the prisons. The states are setting up identical programs within the state prison systems at this time. In order to compete with the slave labor camps the unions will have to work for ten cents an hour! Get ready to trade your house for a tent or move to Mexico for a high paying job at five dollars per day as the soup kitchens are already overburdened.

JURY TAMPERING TAKING PLACE IN OUR COURT ROOMS

Our forefathers created a jury system which was intended to be the final check and balance in deciding guilt or innocence. "The jury has a right to judge both the law as well as the fact in controversy" (John Jay, 1st Chief Justice, U. S. Supreme Court, 1789). "The jury has the right to determine both the law and the facts" (Samuel Chase, U.S. Supreme Court Justice, 1796, Signer of the unanimous declaration). "The jury has the power to bring a verdict in the teeth of both law and fact" (Oliver Wendell Holmes, Supreme Court Justice, 1902). "The law itself is on trial quite as much as the cause which is to be decided" (Harlan F. Stone, 12th Chief Justice, U.S. Supreme Court, 1941). The founders realized that corrupt legislators may well institute corrupt laws and provided a check and balance within the jury system.

Almost every jury in the land is falsely instructed by the judge when it is told it must accept, as the law, that which is told them by the judge, and that the jury can decide only the facts of the case. This is to destroy the purpose of a Common Law jury and to permit the imposition of tyranny upon a people. "The pages of history shine on instances of jury's exercise of its prerogative to disregard instructions of the judge" U.S. vs Dougherty, 473 F 2nd 1113, 1139 (1972). Jury members are being screened through a series of questions to see if they are most likely to give the courts the decision they are looking for. Prospective jurors who don't answer the questions properly during jury selection are refused a seat on the jury. **This is not jury selection - this is jury tampering.** The jury is to be randomly selected from our peers not selected by intense interview to calibrate their political orientation prior to the trial. In reality, the jury should be randomly selected from individuals who have known the accused for many years as they can best assess the character of the accused.

Without the power to decide what facts, law and evidence are applicable, juries cannot be a protection to the accused. If officials, acting in the name of justice, are permitted to dictate any law whatever, they can also unfairly dictate what evidence is admissible or inadmissible and thereby prevent the whole truth from being

considered. Thus, if courtroom officials can manipulate and control both the law and the evidence, the issue of fact becomes virtually irrelevant. In reality, true justice would be denied leaving us with a trial by government and not a trial by jury.

THE JURY HAS MORE POWER THAN THE JUDGE

Our vote of not guilty in the courtroom must be respected by all other members of the jury. It is the right and the duty of a juror to never, never, never, yield his or her sacred vote for you are not there as a fool, merely to agree with the majority, but a qualified judge in your own right. Regardless of the pressures or abuse that may be heaped on you by any other members of the jury or the judge with whom you may, in good conscience, disagree, you can await the reading of the verdict secure in the knowledge you have voted your own conscience and convictions - not those of someone else. Therein lies the opportunity for the accomplishment of "liberty and justice for all". If we, and numerous other jurors throughout the nation begin and continue to bring in verdicts of not guilty in such cases where a man-made statute is contrary to the Constitution, these statutes will become as ineffective as if they had never been passed.

COMMON LAW COURTS BEING ESTABLISHED ACROSS AMERICA

Article VII of the Bill of Rights refers to the right to trial by jury according to the rules of Common Law, which were predicated upon the Ten Commandments. Many Americans, fed up with the abusive justice system, are attending Common Law meetings and re-establishing Common Law courts. Common Law constituted the legal system in America until 1933 when it was covertly replaced with Admiralty/Statutory law. Common Law, which is based on Gods law, deals with rights, is easy to understand and requires no attorney or legal fees. Statutory law eliminates our God given rights and replaces them with privileges. MOTIVE: Those privileges (driving, hunting, marriage, home, working, etc.) are then heavily taxed. Individuals who wish to learn more about the Common Law process should contact Larry Levon, clerk, c/o U.S. Post Office, 5 East Columbus Street, Lithopolis, Ohio 43136-0026.

FULLY INFORMED JURY ASSOCIATION (FIJA)

The Fully Informed Jury Association is the organization that has started the fight to resurrect the knowledge of the jury's power and responsibility. This group has been tracking courtroom abuses of the jury system by judges on a national basis and they are educating citizens on how to counter those abuses while exercising the powers granted to jurors by the Constitution. The juror has more power than the judge but **jurors who don't know their rights in a courtroom have no rights**. Not surprisingly, those who oppose jury rights are the same special interests whose laws would be thrown out by any sensible jury. The FIJA organization can be contacted by writing to P.O. Box 59, Helmvill, MT 59843 or by calling 406-793-5550. In addition, they have a toll free number for those wishing to request an information packet by calling 800-835-5879.

SUPREME COURT CASES CLEARLY STATE THAT AMERICANS NEED NOT RECOGNIZE UNCONSTITUTIONAL LAWS ?

The Militia does not and will not recognize any unconstitutional laws and has the full support of the Supreme Court. Keep in mind that many of our lawmakers now passing state, Federal and local laws are not necessarily God fearing - after all many of them are the product of our now Godless classrooms. Many are professed atheists, homosexuals or lesbians, socialist orientated CFR members, etc. So next time you hear the words "IT'S THE LAW" remember - "IT'S THE LAW" if WE THE PEOPLE agree that it does not violate the Constitution or the Bible upon which our Constitution is based. "IT'S THE LAW" if it is not constitutionally illegal. "IT'S THE LAW" if it's not biblically immoral. If it is Constitutionally illegal or biblically immoral then, fellow Americans, IT'S NOT THE LAW. The primary problem is that most law enforcement officials unknowingly violate our rights daily because **Americans who don't know their rights have no rights**.

The Supreme Court case "Marbury v Madison" has been called the rib of the Constitution. This case clearly states that every act of legislature (Brady Bill, Crime Bill, HR666, etc..) that is repugnant to the Constitution is absolutely null and void. If one sentence in the bill is repugnant to the Constitution the entire bill is null and void. Any law enforcement official who enforces any of these bills is as guilty of treason as the Congress that legislated them. **When the people don't know their rights - they have no rights.** I'll bet you can't find a single law enforcement officer in your area who ever heard of Marbury v Madison.

WHY ARE SO MANY AMERICANS STARVING ?

When the government is reporting that unemployment is low why are millions of Americans dependant upon hunger centers for their next meal. It is simply because the unemployment numbers being reported are fictitious and misleading. They don't include anyone whose unemployment has run out and they don't include the millions of Americans on the welfare rolls. The fact is that an estimated 30 million Americans are now at risk of experiencing hunger every year. That is nearly one in every eight people who worry about the source of their next meal. Hunger in America has actually increased by 50 % since 1985. An additional 27 million Americans, primarily women, children, and elderly people, participate in the Federal food stamp program. The 30 million Americans who annually rely on the food pantries, soup kitchens, homeless shelters, and other emergency feeding programs are being helped by the Second Harvest network of 185 food banks throughout America. Second Harvest distributes food to nearly 50,000 hunger centers. Eight thousand new hunger centers have been established in the past year alone to meet the demands of the growing number of starving Americans. This breaks down to 154 new hunger centers being established each week in America over the past year. Children account for 40% of those at risk of experiencing hunger. That translates to 12 million children at risk. Many of these hunger centers have been organized by the churches who have done a commendable job of feeding the growing number of Americans in need.

WHY IS NEWS OF STARVING AMERICANS BEING IGNORED BY THE PRESS ?

We NEVER hear this on the media - WHY! Americans would be appalled at the number of hunger centers in their own back yards. Just in the eight county area in which I live I found over 325 hunger centers which is equal to over 40 hunger centers per county. How many are in your county ? Do you know where the nearest one is located? The number of people (a high percentage being children) lined up for a meal is growing daily and for the first time in history many are being turned away for lack of food. Americans are starving while the Federal Reserve Bank bilks 330 billion dollars annually from WE THE PEOPLE. For those who would like further statistics regarding the severity of hunger now existing in America you can call the Second Harvest organization in Chicago at 312-263-2303 or 800-532-FOOD. They can tell you what is really going on in this country and this will not remotely resemble what you are hearing from the media. The media reports that the stock market is doing great, unemployment is low, and Americans are flourishing - so why are thirty million Americans dependent upon hunger centers for their next meal if everything is so grand ?

GUN CONTROL = PEOPLE CONTROL

At this point it should now be painfully evident why the government wants all guns out of the hands of citizens as quickly as possible. Many Americans are just starting to realize that something is wrong and when they finally put all the pieces together our corrupt government has a serious problem. It is, therefore, in the government's best interest to disarm the citizens before the sleeping giant (America) awakes. The gun control laws have nothing to do with reduction of crime. The real crimes will materialize once the guns are out of the hands of the American people ! Power is the motive behind this legislation. Any group of men who controls both the purse and the guns of a country can readily subjugate the people of that country. The purse (Federal Reserve Bank) along with the American dream has already been stolen from the American people and the guns are next. We are now experiencing the initial phases of gun registration and confiscation in America.

HITLER, CLINTON AND CONGRESS AGREE THAT GUN CONTROL WORKS

It's not about gun control, it's about people control. If allowed to materialize, the government will be in dictatorial control of America and "We The People" will have no more recourse than any other nation of people living under dictatorships. There is an indisputable historical record of governments who first impose gun control laws then violate human rights and install dictatorships. Adolf Hitler was quoted, while promoting gun control laws, as saying "This year will go down in history. For the first time a civilized nation has gun registration. Our streets will be safer and our police more efficient." These are the same words that Clinton has been echoing. Shortly after Hitler disarmed the German people thirteen million disarmed German citizens (Jews, Gypsies and Anti Nazis) were methodically exterminated by their own government. After enacting the gun control laws in the Soviet Union in 1929 (Article 182 of the Penal Code) 20 million unarmed citizens (Anti Communists and Anti Stalinists) were murdered by their own government over a 25 year period. After passing gun control laws in Turkey in 1911 (Article 199 Penal Code) 11.5 million unarmed citizens were exterminated by their government. Following passage of the gun security laws in China (Article 9 Security Law) their government brutally slaughtered 20 million unarmed citizens (Anti-Communists, Rural population and Pro-reform groups) over 27 years. After the passing of Article 322-8 of the Penal Code (gun control) in Cambodia the government exterminated one million citizens (targeting educated persons) over a five year period of time. Identical situations occurred in Guatemala and Uganda where the groups targeted were Maya Indians, Christians and political rivals.

The Clinton administration assures us (like Hitler assured his people) that the proposed gun control laws are designed to "reduce crime in America so that our streets will be safer and our police more efficient" Waco proves how efficient the Federal police can be. If history is any indicator, being disarmed is probably no problem unless, however, you happen to be Christian, educated, anti-Communist, Jewish, politically incorrect, or belong to the Militia. For those who would say "this can't happen in America" - I have a bridge I would like to sell you and then I would like to use the proceeds of the sale to buy all your guns since you're so sure you won't be needing them ! For anyone who would like to pursue further the dangers associated with gun control they should contact JPFO (Jews For the Preservation of Firearms Ownership). They can be contacted by calling 414-769-0760 or by writing to 2872 South Wentworth Avenue, Milwaukee, Wisconsin 53207. This national organization has done an outstanding job of documenting the atrocities that have historically taken place in countries around the world after gun controls were instituted.

AMERICA BEING CONVERTED TO POLICE STATE

I have elected not to elaborate on my research in this area at this time but there are several groups currently being monitored. There are a number of Federal paramilitary type organizations that have emerged which are being trained and militarily equipped behind the scenes. There are many theories regarding these groups and since this document does not deal with theories I will withhold comment on these groups until all the facts are in - hopefully by the time we print the second edition of this document. Let it be said, however, that it is believed by most of those who are monitoring the activities of these groups, as well as members of the groups themselves, that the possibility exists that they may, at some point in time, be deployed against American citizens. Waco and Ruby Ridge are nothing more than a keyhole into the future. If these innocent Americans (many of them children) can be murdered on American soil then you and your family are not exempt from similar treatment.

TERRORISM BILL AIMED AT DISSENTERS - NOT TERRORISTS!

A bill now before Congress, so clearly dangerous to our liberties, is the **Comprehensive Anti-terrorism Act**. Fighting terrorism seems like a reasonable action for a nation to take until you read the proposed legislation. This bill has very little to do with fighting terrorism, is totally structured to silence dissenters in America, and, if passed by Congress, represent a declaration of war against those Americans who are currently speaking out against corrupt and immoral public policy. Under this bill American citizens will suffer grave

invasions of privacy in the name of national security. It gives the Executive branch unlimited authority to blacklist certain groups, who oppose public policy, by designating them terrorist organizations (such as pro-lifers or the Militia). The Attorney General can deem any group or persons as terrorists, without a judge or jury, and expose members of that group to the harsh penalties under this bill. The bill authorizes courtroom use of evidence gathered in an illegal wiretap when law enforcement officers acted illegally, but in good faith. Janet Reno claims to have acted in good faith when she gassed and torched men, women and children in Waco. One can't get very excited about criminals acting in good faith! The bill permits the government to deport aliens based on evidence kept secret from the alien. The bill requires Federal courts to ignore unconstitutional state court convictions and sentences. This bill is laced with tyranny and oppression.

This bill was written by the Justice Department (Janet Reno). The Congressman who agreed to sponsor this bill (HR 2768) was **Henry Hyde (Illinois)**. The co-sponsors were Bill McCollum (Florida), Bob Barr (Georgia), and Lamar Smith (Texas). Remember these traitors in the next election. RECALL: George Washington and his 13,000 militiamen were labeled as rebels and terrorists by the King of England. How do you suppose your family would be living today had George's group of "Militia terrorists" been defeated? How do you think your family will be living in the near future if today's Militia is targeted as terrorists and slaughtered (Waco style) under the color of law? These are the times that will try men's souls.

OKLAHOMA CITY BOMBING MAY HAVE BEEN SANCTIONED BY GOVERNMENT

The bombing became the government's mechanism for promoting the terrorism bill which basically destroys first amendment rights. ANOTHER POSSIBLE MOTIVE: Men who served in the military in support of operation Desert Storm are bleeding from all parts of the body, are seriously ill or dead. The Veteran's Administration has given medical attention to close to 500,000 Gulf War vets. It appears that the Desert Storm vets came back with EBOLA II, which is a carrier form of the illness rather than the terminal form. These carriers are infecting others. The illnesses are all immune system attackers, and the end result is death from cancers. Joyce Riley (R.N.), a Gulf War veteran along with other researchers have been revealing what they know about the Gulf War illness including the fact that 200,000 veterans are now sick and 7000 have died. The Veterans Administration has been attempting to cover up the problem. These researchers claim that the intentional use of germ warfare was used against our own soldiers (chemicals that were transported there by the U.S.) Finally, the VA information on the Gulf War syndrome, as well as all the evidence that was collected, was stored at the Murrah Federal Building in Oklahoma, and was destroyed April 19, 1995 in the explosion. A 50 page report of investigative findings is available for \$5.00 from Operation Freedom, P.O. Box 941213, Maitland, Florida, 32794 phone (407)-740-0224.

FREEDOM IS EVERYONE'S BUSINESS

The objectives of Militia members are no different than those of any other patriotic Americans - protecting Constitutional freedoms so that future generations may also know the American dream. Freedom is everybody's business, your business, my business, the church's business. In fact, anyone who will not use his freedom to defend his freedom, does not deserve his freedom and will ultimately lose it. "These are the times that try men's souls. The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of their country; but he that stands NOW, deserves the love and thanks of man and woman. Tyranny, like hell, is not easily conquered; yet, we have this consolation with us, that the harder the conflict, the more glorious the triumph. What we obtain too cheaply, we esteem too lightly... Heaven knows how to put a proper price upon its good; and it would be strange indeed if so celestial an article as freedom should not be highly rated." (Thomas Paine)

The courageous men who signed the Declaration of Independence signed their own death warrants when they penned their names on that great document. They unselfishly put themselves, their families and their fortunes at tremendous risk to secure freedom from oppression for the generations not yet born. Many of them were hunted down like animals, driven from their homes and their homes burned to the ground, imprisoned, tortured, and killed along with members of their family. Many of them lost everything they owned in the world. That's the price they paid over 200 years ago for our freedom.

POWER CONCEDES NOTHING WITHOUT DEMAND

"Those who profess to favor freedom, and yet depreciate agitation, are men who want crops without plowing up the ground. They want rain without thunder and lightning. They want the ocean without the roar of its waters. This struggle may be a moral one; or it may be a physical one; or it may be both moral and physical; but it must be a struggle. Power concedes nothing without demand. It never did, and it never will. Find out just what people will submit to, and you have found out the exact amount of injustice and wrong which will be imposed upon them; and these will continue until they are resisted with either words or blows or with both. The limits of tyrants are prescribed by the endurance of those whom they oppress ..." (Frederick Douglass - American Abolitionist - August 4, 1857).

THE MILITIA - A FLAME REKINDLED

The American public, as well as the government, know very little about the very secretive organization known as the Militia. This core of outraged citizens represents the final check and balance in America and, therefore, operates invisibly for obvious reasons. However, it is very important for the public to recognize that the Militia exists only because there is a growing number of God fearing Americans who firmly oppose the abusive taxation that has converted most Americans to quasi-slaves, opposes treason within our Congress and the oval office, opposes government corruption and fraud, opposes abortion, opposes individuals who fuel and promote racism, opposes abuses within the justice system, opposes the growing police state in America, opposes the Federal Reserve Bank, and opposes the promotion of immorality in this nation as well as anti-Constitutional legislation. The goal of the Militia is to restore Constitutional, moral and ethical leadership in America.

The repeated incidents of venality, abusive taxation, endorsement of immorality, and treason at all levels of government have rekindled the flame of patriotism in the hearts of many Americans who comprise the Militia, the last check and balance in America and the teeth of liberty. The Random House College Dictionary defines the Militia as a "body of citizen soldiers as distinguished from professional soldiers." The American Heritage dictionary defines the Militia as "a military force that is not part of the regular armed forces but is on call for service in an emergency." Webster's New World Dictionary defines Militia as "an army composed of the citizens called out in time of emergency." **THE EMERGENCY HAS CLEARLY SURFACED IN AMERICA!** The Militia is, therefore, composed of every able bodied American citizen who wishes to preserve Constitutional freedoms for their children, grandchildren and future generations.

The most famous Militia leader in our history was George Washington, our first president. He was greeted in Boston by 13,000 New England Militia men and from that core of courageous Americans he developed the Continental Army. America's best men joined Washington to resist oppression. Washington and his Militia supporters encountered the identical verbal abuses that the Militia is confronting today. Like the Militia of today George said NO to abusive taxes, NO to oppression, and NO to tyranny. He drew the battle lines and when the British Monarchy stepped over those lines he took up arms and that is precisely where the Militia stands at this moment.

The Militia has sent a similar message to our Congress and the cold war between the citizens and their corrupt government is becoming explosive. The question that should surface immediately in the minds of all Americans is - why is the government so intent on convincing the American people that the Militia are terrorists and should be destroyed. Could it be that government officials are seeking public support to destroy the one and only check and balance remaining in our society since they have clearly stripped this country of all the others as I have already outlined? The Militia has been portrayed as a group of radicals who conduct combat training in the woods on the weekends and blow up Federal buildings when they have nothing better do. Have you noticed lately that anyone who opposes public policy is a terrorist?

Militias are a symptom of a great dilemma facing America. We face a crisis of confidence in our system of government, and it is a crisis that has been created primarily as the result of corrupt and immoral political leadership that has purposely destroyed the REPUBLIC and our ONE NATION UNDER GOD for financial

gain. A CNN/USA Today poll conducted in May 1995 revealed the depth of the problem as 39 percent of those surveyed "say the Federal Government has become so large and so powerful it poses an immediate threat to the rights and freedoms of ordinary citizens."

Article II of the Bill of Rights states "A well regulated Militia, being necessary to the security of a free state, the right of the people to keep and bear Arms shall not be infringed." The right of the people means that all Americans possess the right equally. It is NOT a reference to the National Guard as some Constitutional revisionists would have you believe. The founders put this provision into the Constitution so that WE THE PEOPLE could provide for the defense of our Constitutional form of government with force if ever required. Tyranny does not respond to petitions - read the Declaration of Independence if you have any ill-conceived opinions to the contrary. Freedom has a price tag !

Militia members can be found in most every county in most every state. Your next door neighbor might be a member. They are well prepared for combat and can engage oppression on a moment's notice. Membership lists are not maintained and membership is unknown to other members. Their numbers are unknown to the public and well concealed as evidenced by the government's inability to estimate their strength, however, it is formidable. The majority of the most highly trained members have never attended any type of public meeting or function that would expose them to undercover agents. They have maintained better secrecy than most government counterparts.

The media would have Americans believe that Militia members spend most of their time in the woods practicing combat. The TRUTH is that they spend most of their spare time in the law libraries researching the laws of our land, studying the Constitution, reading legislation and openly opposing that legislation which is detrimental to the long term protection of our liberties, confronting corrupt public officials, writing letters to the editors of various newspapers while continuing to train for a potential combat situation to protect Constitutional freedoms if it becomes imperative. These activities are not enjoyable, they require considerable personal sacrifice and funding, only to be met with abusive attacks by the media and indifference by many uninformed citizens.

The Militia is a group of men and women who vocally and openly oppose, at great risk to themselves, public policy that is clearly oppressive, immoral, corrupt and unconstitutional. They are mothers and fathers (not terrorists), laborers, clergy, doctors, businessmen, lawyers, teachers, policemen, farmers and veterans, of EVERY RACE, CREED AND ETHNIC BACKGROUND (not terrorists AND NOT RACISTS), young and old both male and female (not terrorists). Contrary to what the press would lead the public to believe membership is open to any American with NO EXCEPTIONS. Our problems are universal and affect every red blooded American. The leadership does not and will not tolerate racism and anyone who is racist is not welcome in the Militia as the Militia promotes life, liberty and the pursuit of happiness for all - NO EXCEPTIONS.

GOVERNMENT ATTACKS ON THE MILITIA

According to the government the Militia is a group of gun toting, right wing radicals and racists who are involved in illegal activities within the United States. The government has spent countless millions on media coverage to burn this negative image of the Militia into the minds of the American people. Almost daily, Washington attempts to connect the Militia with every sinister group/name (hate groups, neo - nazis's, skinheads, anti - Semitics, racists, terrorists, cults, right wing radicals, etc.) and every so-called terrorist action (Oklahoma City Bombing & the train derailment -AMTRAK -in Arizona). I think we can all agree that the media coverage of the Militia has not been very flattering and that someone or some group is very pre-disposed to eliminate the Militia by any means as quickly as possible with public support.

Remember that these same leaders who have been violently attacking the Militia in the press are the same leaders who support the sin of abortion, forced prayer and God out of our schools, support the homosexual agenda (many of them are homosexuals and lesbians themselves), who have made campaign promises that were never kept, who have voted in the largest tax increases in history shortly after promising tax cuts, who have supported legislation that totally violates Constitutional law, who have confirmed Supreme Court justices

accused of sexual harassment, who belong (many of them) to the most powerful socialistic organization in America (Council on Foreign Relations), who gave the orders to kill innocent men, women and children at Waco and Ruby Ridge, who send billions of dollars of foreign aid to dictatorial countries while 30 million Americans depend on hunger centers for their next meal and who give favored nation status to China which is notorious for human rights violations. Can these people really be trusted?

The Bible reminds us to judge a tree by the fruit it bears. All of the Ten Commandments have been attacked by our leadership either through counsel, command, concealment, consent, defense of the evil being done, by partaking, by provocation, by praise or flattery or through silence. "Whoever breaks one of the least of these commandments and teaches others to do so will be called least in the kingdom of heaven" (Matthew 5:19). (MOST SIGNIFICANT EXAMPLE: ABORTION)

THE BOTTOM LINE

Americans have been deceived on most issues significantly affecting our lives. We have been duped into believing that we cannot manage this country without Federal income taxes when history proves we did it for close to 170 years, deceived into believing that America can continue as a great country without virtue and moral constraint, deceived into believing that the Federal Reserve is part of the Federal Government, deceived into believing that the founding fathers supported the separation of church and state, deceived into believing that there is a war on drugs, deceived into believing that gun control is aimed at reducing crime and deceived into believing that the Militia is something to be feared. We Americans have been deceived but it's WE THE PEOPLE who are to blame.

The fine thread that runs through all of the abuses addressed in this document is the Federal Government's lust for absolute control over every aspect of our lives. This is DICTATORSHIP surfacing in America. WE THE PEOPLE, of every state in the union, must take back control of our churches and our schools **by removing all federal influence**. We must put a stop to abusive taxes by merely refusing to pay them, close the Federal Reserve and restore a Constitutionally honest monetary system. We must clean up the drug problem in our own counties as it is now very evident that the Federal Government has no intention of doing so. If local law enforcement can't get the job done then WE THE PEOPLE should show them how to do it. We must start making examples of corrupt public officials - they should be impeached at all levels through a mechanism established by WE THE PEOPLE the minute it becomes obvious that they have violated their oath of office or break their campaign promises. If you had a five year contract with someone who violated the contract after the second month into the contract you wouldn't wait for the five years to pass before you sued for breach of contract. It should be no different with politicians who breach verbal contracts with WE THE PEOPLE.

In this country we are desperate for leadership that can't be bought by every special interest group on the block. We need another George Washington in the White House. We must sit on a jury at every opportunity and use the full power vested in us as jurors by the Constitution, put a stop to jury tampering by the judges, and restore justice within the courtrooms. Without delay, we must put an immediate end to abortion in America by purging the abortionists on a county by county basis. We must develop a much higher intolerance for evil as tolerance of evil opens the doors for tyranny. We must downsize our prisons and expand our churches. We must divert the 330 billion dollars of interest charges now being confiscated by the Federal Reserve, toward rebuilding our nation while restoring our heritage as ONE NATION UNDER GOD. We must send a clear message to the Federal Government to put an immediate halt to the rampant intrusion into our personal lives and to cease and desist in regard to the fraud and corruption. If the Federal Government refuses to acknowledge the wishes of WE THE PEOPLE, or hinder in any way, our efforts to reclaim our Constitutional heritage at the state and local levels, or if our petitions should be met with repeated injuries, it may well be the time to **fire the second shot heard round the world**.

Millions have fled other countries to participate in the miracle of America. That miracle was a Constitutional form of government based upon biblical values. That Constitution was not written by atheists, homosexual/lesbians or by feminists screaming for abortion rights. It was written by God fearing men to be administered by God fearing men within a God fearing nation. But now, our Constitution has fallen into the hands of men who want God dethroned as the basis for our society. These men must be identified and held accountable - judge the tree by the fruit it bears and disregard the lip service.

Most of our ancestors came to this country to escape oppression in their homelands. The same oppression they left behind is now upon our own shores like a dark cloud before the storm. Many Americans don't comprehend the magnitude of the threat, however, keep in mind that no one saw the Japanese hurtling toward Pearl Harbor and no one saw the economic collapse of 1929 until it was too late.

"Liberty lies in the hearts of men and women; when it dies there, no Constitution, no law, no court can save it, no Constitution, no law, no court even can do much to help it." (Judge Leonard Hand) The following quote by Sir Winston Churchill signifies what the Militia embraces as a plan to recover our nation: "Still, if you will not fight for the right when you can easily win without bloodshed, if you will not fight when your victory will be sure and not so costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance for survival. There may be a worse case. You may have to fight when there is not chance of victory, because it is better to perish than to live as slaves".

WE THE PEOPLE have, by counsel, by command, by concealment, by consent, by defense of the evil done, by partaking, by provocation, by flattery and by silence collectively assisted in dethroning God as the basis for our society and have opened the doors for tyranny. We deserve exactly what we are about to receive - unless, however, a change of heart and a change of attitude comes over our countrymen as a whole. "If my people which are called by My name, shall humble themselves, and pray, and seek My face, and turn from their wicked ways; then will I hear from Heaven, and will forgive their sin, and will heal their land." (II Chron. 7:14) The Militia cares not what other Americans should decide to do. However, **they have no intention of making peace with oppression.** These patriotic Americans embrace the sentiments of Samuel Adams who stated "If ye love wealth better than liberty, the tranquility of servitude better than the animating contest of freedom go home from us in peace. We ask not your counsels or your arms. Crouch down and lick the hands which feed you. May your chains set lightly upon you, and may posterity forget that ye were our countrymen."
